

Travis Baker

Summary

Resourceful professional with experience in AI data annotation, project management, and operational coordination. Proven ability to deliver high-accuracy results in text, image, and video annotation, identifying edge cases and improving dataset quality. Successfully managed multiple client projects, negotiated contracts, and optimized workflows to increase efficiency. Possesses strong pattern recognition, detail sensitivity, and a commitment to focused, deadline-driven work, ready to contribute to operational excellence and data integrity.

Work Experience

10/2025 – 01/2026	AI Data Annotator Outlier (Scale AI) - Delivered high-accuracy text, image, and video annotations by meticulously adhering to detailed project guidelines. - Identified edge cases and inconsistencies, analyzing structural patterns to enhance overall dataset quality. - Decomposed complex instructions into clear, repeatable actions to ensure consistent annotation. - Sustained high levels of focus and productivity within independent, deadline-driven work environments. - Leveraged neurodiverse strengths, including pattern recognition, acute attention to detail, and structured thinking, to effectively support model performance.	Fayetteville
04/2018 – 11/2025	Independent Contractor / Owner Thumbs-Up Commercial & Residential Services Inc. - Orchestrated multiple client projects concurrently, ensuring consistent on-time delivery. - Cultivated and maintained robust client relationships, fostering repeat business and valuable referrals. - Negotiated contracts, pricing structures, and project scopes to optimize profitability. - Engineered efficient workflows, schedules, and resource allocation plans to maintain project momentum. - Prepared comprehensive proposals, reports, and documentation for both client presentations and internal strategic planning. - Conducted in-depth market and competitor research to inform and guide strategic business decisions. - Expanded sales revenue through targeted outreach initiatives and persistent client communication. - Administered project budgets, meticulously tracked expenditures, and ensured cost-effective operational practices.	Fayetteville
05/2016 – 06/2017	Transitional Housing Manager / Operations Change 4 Life - Managed and oversaw daily operations for a transitional housing facility. - Facilitated communication between probation services, rehabilitation programs, and case managers. - Ensured strict adherence to client requirements, facility restrictions, and operational standards. - Maintained positive vendor relationships and supported streamlined intake processes.	Parkton
02/2011 – 02/2013	Grave Marker Designer / CAD Technician Joyner's Memorial, Inc. - Engineered custom memorial designs utilizing CAD software, ensuring precision and adherence to client-specific requirements. - Maintained precise inventory records and facilitated seamless coordination between office administrative functions and field operations. - Performed rigorous quality control checks on all custom orders and expertly managed sensitive client interactions. - Produced high-accuracy design work within stringent deadline parameters.	Wilson
03/2013 – 06/2014	Car Detailer Hank's Car Wash Executed comprehensive cleaning and finishing services for vehicles, demonstrating consistent quality and meticulous attention to detail.	Fayetteville

Education

09/2025 – Present	Maestro A.A.S., Software Engineering Gained practical experience in open-source operating system customization, Raspberry Pi applications, mobile device repair, fundamental PCB principles, and advanced technical troubleshooting.	Remote
	Farmville Central High School High School Diploma	Farmville

Skills

- AI data annotation (text, image, video)
- Pattern recognition & edge-case identification
- Quality assurance & accuracy control
- Technical troubleshooting
- Operating systems (Windows, Linux basics)
- Microsoft Office (Word, Excel, Outlook)
- Data entry & documentation
- Hardware & mobile device troubleshooting
- Workflow optimization
- Scheduling & task coordination
- Budget tracking & cost control
- Vendor & client coordination
- Contract negotiation
- Process improvement
- Report preparation
- Professional written and verbal communication
- Client relationship management
- Cross-functional collaboration
- Training oversight
- Conflict resolution
- Independent work with minimal supervision
- Analytical mindset
- Neurodiverse pattern-focused perspective
- Adaptability
- Reliability & consistency
- Fast learner
